

CUSTOM INSERTS™
HOME & INDUSTRY
ORGANIZING PRODUCTS

C A T A L O G

We handcraft our products with as much attention to detail as a craftsman building a custom cabinet. Our popular satin-smooth rounded edge treatments and micro-chamfered corners have a look and feel that complement the finest cabinetry. Each is scruti-

nized for quality from start to finish, whether a one-off custom product or one of a 5000-piece order.

We are best known for our wide selection of drawer organizing

products. Our drawer inserts can be ordered to YOUR dimensions, so they fit perfectly, using ALL your space completely and efficiently. We also offer stock sizes for great quality at a great price. Elegant but durable, all acrylic joints are solvent welded and most inserts have floors for rigidity and to prevent items from sliding underneath. They are scratch resistant, dishwasher-safe and non-staining.

We are a full service manufacturer and fabricator of plastic products. We quote, design, and fabricate in plastics including ABS, PVC and polycarbonate, and in any quantities. Our products are in homes

Utensil Insert

Custom Inserts™ *handcrafts beautiful custom organizing products to add simplicity and efficiency to your life.*

and hospitals, from kitchens to laboratories, candy stores to pharmacies. We have installed museum security doors across secret passageways in castles, safety guards and other parts for manufacturing equipment, wine racks

in luxury yachts, file bins for nursing carts, and more. If you need to store and organize, protect or cover, or require an engineered plastic part, give us a call. Custom Inserts looks forward to hearing from you.

Medical Helicopter Inserts

MEMBER:

Drawer Inserts:

- Order on-line for ease and options, or see Ordering Instructions in this catalog. Specify drawer inside width (DIW), drawer inside depth (DID), (front-to-back; subtract handle screw heads) and Insert height (IH). 2 1/2" standard.
- Select from our layouts or design your own Special Order.
- No minimum orders.
- Dishwasher-safe and stain resistant.
- Solvent welded fixed joints with satin rounded edges.
- Inserts are clear 1/4" acrylic with 1/8" floors except as noted.

Flatware Inserts

Flatware	Drawer Width	Item Code
	4" to 7"	FL7
	7 1/16" to 9"	FL9
	9 1/16" to 14"	FL14

	12 1/16" to 16"	UT16
	16 1/16" to 19"	UT19
	19 1/16" to 24"	UT24
	24 1/16" to 30"	UT30

2 1/2" standard height. Call for larger sizes.

Vanity Inserts

Vanity	Drawer Width	Item Code
	5" to 10"	VA10
	10 1/16" to 13"	VA13
	13 1/16" to 24"	VA24
	24 1/16" to 30"	VA30

2 1/2" standard height.
Call for larger sizes.

Adjustable Inserts

Organize everything! Dividers slide into grooves and are easily relocated as your storage needs change. Great for kitchen, bath and office. Clear 1/4" acrylic with 1/8" floors. Grooves spaced 5/8" apart, center-to-center. Includes 4 dividers. Specify drawer inside width (DIW) and depth (DID), insert height (IH), and if dividers run front-to-back, as shown, or left-to-right.

Drawer Width	Item Code
Up to 9"	AD9
9 1/16" to 12"	AD12
12 1/16" to 16"	AD16
16 1/16" to 19"	AD19
19 1/16" to 24"	AD24
24 1/16" to 30"	AD30

2 1/2" standard height.
Call for larger sizes.

Double Tier Inserts

Item Code DT

Almost double the area of your drawers! Combine layouts, (Flatware, Utensil or Cutlery) into a Double Tier Insert built to your dimensions. The top level glides back into your cabinet, allowing access to the lower. Fully assembled with ball bearing glides.

To order, use **Item Code DT**, and specify the total Insert height (IH) for your Double Tier. Then order your two Inserts, specifying which is to be the **Upper** and which is the **Lower**. Omit the Height for these Inserts.

Installation requires cutting and removal of a portion of the back of your drawer box.

Desk Inserts

Desk	Drawer Width	Item Code
	10" to 15"	DE15
	15 1/16" to 24"	DE24
	24 1/16" to 30"	DE30

2 1/2" standard height. Call for larger sizes.

Spice Inserts

Type	Drawer Inside Width	Item Code
Pre-cut	Up to 30"	SPIN
Cut your own	Up to 30"	SPIN-CYO

Call for wider sizes.

Side View of Spice Insert in Drawer

To lower height of larger diameter jars, slide shelves towards back of drawer.

Adjustable shelves for different size spice jars. Angled shelves lower large spice jars to avoid your cabinet's frame. Clear acrylic so you see only spices and cabinetry. Made to your dimensions or available in a cut-your-own style. No floor to maximize the height available for your spices. Inserts include four shelves to accommodate 5 rows of spices. Specify **Item Code SPIN** and your drawers inside width (DIW) and depth (DID), or purchase our cut-to-fit version, **Item Code SPIN-CYO**. (Cut with a table saw or sliding chop saw with a carbide finish blade.) For drawers up to 30" wide and 22" deep. Extra shelves and larger sizes available.

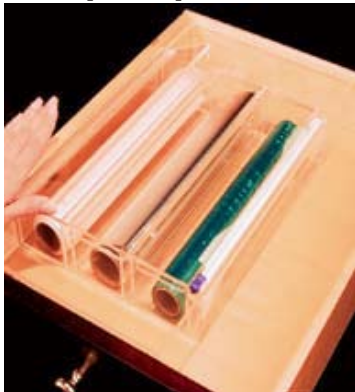

Spice Racks

Item Code	Height	Spice Rows
SPRA16	Up to 16"	2
SPRA21	16 1/16" to 21"	3
SPRA26	21 1/16" to 26"	4
SPRA31	26 1/16" to 31"	5
SPRA36	31 1/16" to 36"	6

Clear acrylic so you see only your spices and fine cabinetry. Adjustable shelf heights. Pull shelves out slightly for wider spices. Mount anywhere, including cabinet and pantry doors. Only 3 1/4" in depth. (4" for large jars.) Multiple Spice Racks stack for seamless rows of spices. Requires drilling for mounting. Available widths: 8", 11" and 14". Easiest to order on our web site. Specify your exact custom height dimension, (We do not deduct from your dimension) and select a width. Call us for other sizes.

Wrap Dispenser

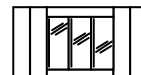

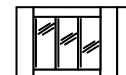

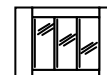

Dispense standard 12" plastic wrap, aluminum foil and wax paper directly from this acrylic dispenser in your drawer. Three bins with hinged lids hold wraps. Two bins for wax paper and aluminum foil have a tearing edge and a third for plastic wrap has a replaceable slide cutter. Offered in a stock size or custom, both are made with 3/16" acrylic with 1/8" floors. Satin rounded edges. Dishwasher-safe. Requires a minimum drawer height of 3".

Wrap Dispenser, Stock Item Code: W DST
Dimensions: 10 3/8" wide x 19 1/2" deep x 2 7/8" high. Recommend minimum of 12" wide drawer for proper operation of plastic wrap cutter.

Wrap Dispenser, Custom
Includes Wrap Dispenser with additional bins on one or both sides.

Item Code:	WDSO17	WDSO20	WDSO24	WDSO30
Drawer Width:	14" to 17"	17 1/16" to 20"	20 1/16" to 24"	24 1/16" TO 30"

Call us for wider widths.

Stock Inserts

Our high quality handcrafted organizers at an economical price. Flatware, Utensil, Cutlery and Premier Cutlery Inserts offered in the stock sizes shown. Solvent welded joints with satin rounded edges. Dishwasher-safe and stain resistant. Vinyl pads minimize sliding. Our Stock Premier Cutlery Inserts hold each knife individually. (See Premier Cutlery Inserts.) Clear 3/16" thick acrylic with 1/8" floors. Fit all drawers at least 18" deep and 2 1/2" high.

12 1/16" to 18"	BB18
18 1/16" to 24"	BB24
24 1/16" to 30"	BB30*

Call for larger sizes.

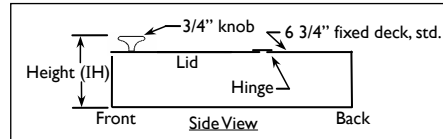

*BB30 includes a support centered under the Fixed Deck.

Flush Pull

Acrylic Knob

Hinged Drawer Covers

Versatile Hinged Drawer Covers to cover everything in your drawers. Protect items from pests and dust. Keep baked goods fresh longer. 1/4" thick acrylic covers install on the top edge of your drawer box. Include double-sided clear acrylic tape for easy mounting, or can be drilled and installed with screws. Order these installed on most of our Inserts. Includes our acrylic knob or specify a Flush Pull or Finger Hole. Specify optional vent holes (no charge) if application is covering baked goods. To open with a knob, requires minimum of 1 1/8" clearance above your drawer box. Finger Hole or Flush Pull require 3/8" clearance. Specify ACTUAL size. We do not deduct from your dimensions for this item.

<u>Drawer OUTSIDE Width</u>	<u>Item Code</u>
Up to 19"	HDC19
19 1/16" to 28"	HDC28

Call for larger sizes.

Paper Towel Dispenser Item Code PTDC

Hide your paper towels inside your wall cabinet. Get great convenience right at your finger tips. With one hand, pull paper towel across the clear acrylic tearing guide that protrudes through a slot in the floor of your wall cabinet. 1 1/4" wide. Requires 9" height clearance and cutting a slot in cabinet floor.

Sink Trays

	<u>Item Code</u>	<u>Length</u>
White acrylic Sink Trays. Only 1 1/2" deep. Great when space is limited. 3 1/2" high, standard. Call us for other sizes.	STS12	12"
	STS16	16"
	STS22	22"
	STS28	28"

Cutting Boards

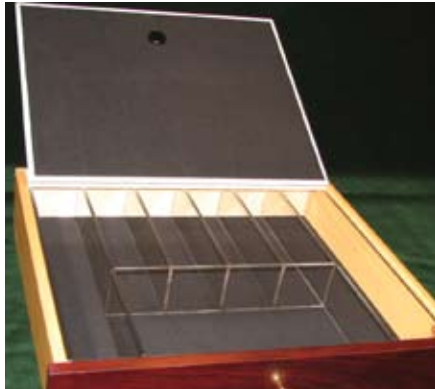

Custom and stock cutting boards of the finest quality. Choose from our stock sizes or design your own. Each has a gravy lip around perimeter and optional handle hole. Design to store over one of our Inserts in your drawer, drop into a bin in an Insert, cover for counter top trash receptacle opening, etc... 1/2" thick FDA approved polyethylene.

Request with or without Handle Hole.

Anti-Tarnish Silver Case Inserts Item Code ATC

We custom fabricate cases for your fine silver with Anti-Tarnish Flannel Lining. Order with our Flatware, Utensil, Cutlery or Premier Cutlery layouts, or design your own as shown here. Includes a hinged Lid with a Flush Pull, and Anti-tarnish Flannel Lining on the floor and the underside of the lid. For best effectiveness of anti-tarnish properties, silver must be stored in a sealed case lined with Anti-tarnish material. These Cases do just that, with style. No cloth flap to deal with. The lid is white acrylic. Easy to order on our web site. See ATC Item Code on Price List.

Channel Dividers

Divide a drawer into compartments anywhere you like. We supply two clear acrylic Channels with each Divider. Channels include clear acrylic double-sided tape to mount on the side of your drawer box. Dividers slide into the groove on the Channels to make a versatile, (and removable) organizer. Perfect for large and small drawers to organize just about anything. Includes one 1/4" thick Divider and two Channels.

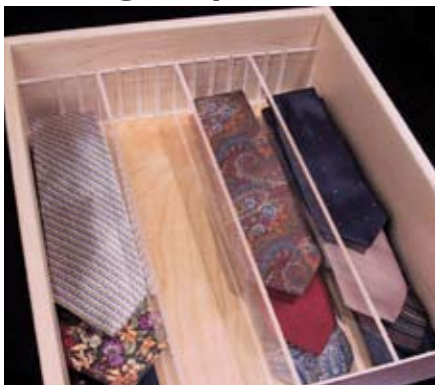

Drawer Span	Item Code	Divider Height
Up to 14"	CD14	Up to 5"
14 1/16" to 27"	CD27	Up to 5"
27 1/16" to 30"	CD30	Up to 5"

Call us for other sizes.

Specify drawer inside dimension Divider is to span and the height, in 1/8" increments, for your Divider and Channels. Channels and Dividers available separately. Visit our web site for more sizes and options.

Binning Strip Dividers

Dividers slide into grooves for the ultimate in simple but effective adjustable drawer partitioning. Great for large deep drawers or smaller drawers. Binning rails made of solid 1/4" thick acrylic with grooves spaced 5/8" apart, center-to-center. Includes 4 dividers. Order dividers to run front-to-back, (shown here) or left-to-right. This product does not include a floor. (See our Adjustable Insert for complete "tray" including floor.)

Item Codes:	Drawer Width:		
Insert Height	Up to 17"	17 1/16" to 27"	27 1/16" to 35"
Up to 2 1/2"	BSD172.5	BSD272.5	BSD352.5
2 9/16" to 5"	BSD175	BSD275	BSD355

Available in Cut-your-own lengths. Call us for details.

Order on our web site to see all our sizes and options. Specify drawer inside width (DIW), depth (DID), and the exact height for your Insert (IH), and extra dividers. May require countersinking drawer pull screw heads for dividers running front-to-back.

Slotted Dividers

Partition any drawer with our Slotted Dividers for a great way to organize everything from fashion accessories to DVDs. Slotted dividers slip together and drop into your drawer for an economical and versatile organizer. These dividers do not include a floor.

Specify drawer inside width (DIW) and depth (DID). Visit our web site for more sizes or call us for your layout requirements. Available with floor liners.

Shoe Stops

Clear 1/4" acrylic with our satin smooth edge treatment on top. Drill and install on the front of shelving, install in a groove near your shelf front edge or install in front of shoe heel. Available most any size.

Item Code	Length	Height
SS241.5	24"	1 1/2"
SS481.75	48"	1 3/4"

Jewelry Organization:

- Organize two levels of jewelry and other small items perfectly. Top Trays are about half the size of your drawer and slide, (front-to-back) allowing access to items in the Lower Slotted Divider. Order a second Top Tray and place it next to the first for the greatest use of space. (Second Top Tray is removed when accessing the Lower Slotted Divider.)

Jewelry Lower Slotted Divider JLSD

Made of 1/4" acrylic to your dimensions, and slotted. Slip these together and place in your drawer for a great organizer for bracelets, watches, etc... Add up to (4) Ring Pads, sold separately, to organize rings. All our Top Trays slide on this Lower Slotted Divider. Order Liners, sold separately, to fit your drawer for a more elegant look. 1 1/2" high standard. See layouts and Item Codes below.

Jewelry Top Tray Divided JTDD

Lots of bins in a tray that slides over our Lower Slotted Divider. Keep small jewelry items separated and organized. Order with Liners, sold separately, for the ultimate in jewelry care. 1 1/4" high standard. See layouts and Item Codes below.

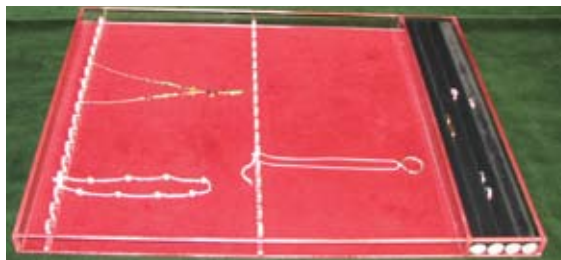

Top Trays for Rings & Necklaces JTTRN

Add our Ring & Necklace Top Tray to your jewelry organizer for even more organization with presentation. Place necklaces over acrylic Necklace Racks. Prevents tangling and organizes so you can more easily find the necklace your looking for. Slip your rings into velour-covered slots. Create an organized display to end the search for the perfect ring for the occasion. Liner included. One necklace peg per inch. 1 1/4" standard height. See below to order.

Jewelry Full Depth Divided Insert JFDD

Same as our Jewelry Top Tray Divided, but full size to fit your entire drawer, with double the number of bins. These are stackable but do not slide like Top Trays. Can place over our Lower Slotted Dividers or other Insert and lift out to access items below. 1 1/4" standard height. See below to order.

Jewelry Full Depth Ring & Necklace Insert JFDRN Place in drawer or mount vertically.

The same as our Ring & Necklace Top Trays, but full size to fit your entire drawer with double the space. Specify acrylic Necklace Racks to run left-to-right, or front-to-back. These are stackable but do not slide like Top Trays. Can place over our Lower Slotted Dividers or other Insert and lift out to access items below. 1 1/4" standard height. Mount vertically on a wall or in a cabinet. See below to order.

Item Code:	JFDD19	JFDD24	JFDD30	
Jewelry Full Depth Ring & Necklace Insert				(Included)
Item Code:	JFDRN19	JFDRN24	JFDRN30	

To Order: We recommend ordering on our web site to see all our options. Specify your drawer inside width (DIW) and drawer inside depth, (DID)(front-to-back). Include the Item Codes shown that match your drawers inside width. If adding Liners, specify Item Code and color or just color for Jewelry Top Tray Ring & Necklace. (Burgundy, Dark green or Black Velour, or Black Anti-tarnish Flannel)

Lower Slotted Dividers and Top Trays: We deduct 1/16" from your dimensions. Jewelry Top Tray standard heights are 1 1/4". Jewelry Lower Slotted Dividers do not include a floor and are 1 1/2" standard height. Drawer height must be at least 2 3/4" for both. One Lower Slotted Divider and any two Top Trays will fit one drawer. The second Top Tray is removed when accessing the Lower Insert.

Full Depth Inserts: We deduct 1/8" from your dimensions. They are 1-1/4" standard height. Can be stacked in any combination in your drawer. If adding Liners, specify Item Code and color or just color for Ring & Necklace Inserts.

Stock Jewelry Inserts: Trim-to-Fit

Our quality Jewelry Lower Slotted Dividers, with a velour-covered flange that can be trimmed to fit a range of drawer boxes. Uses all your space because the remaining flange area is also great for storage. Order with a Jewelry Stock Top Tray Divided and/ or Stock Top Tray Ring & Necklace, which glide over the perimeter of the Lower Divider. (Do not require trimming.) Accessorize with Ring Pads for your Lower Slotted Divider and Velour for the Top Tray Divided. Call us for how to order Trim-to-fit products.

Belt Racks

A beautiful finishing touch to any closet or dressing room. Clear acrylic with 3/4" brushed stainless steel hooks. Order in the following lengths, or your custom size.

Item Code	Length	Number of Hooks
BR13	13"	13
BR19	19"	19
BR25	25"	25
BR31	31"	31

Accessory Inserts

Measure your collection of items, and design your own Accessory Insert. Specify your drawer inside width (DIW) and depth (DID), the height of your Insert (IH) (2 1/2" standard), how many columns of bins in the width direction, (left-to-right) and how many rows of bins in the depth direction, (Front-to-back). Add a Liner, sold separately. Visit our web site for more sizes and options. Remember to account for the 1/4" thickness of each divider.

Drawer Width	Columns of bins	Rows of bins	Item Code	
12" to 18"	3	3	AC1833	
	4	4	AC1844	
	5	5	AC1855	
18 1/16" to 24"	4	3	AC2443	
	5	4	AC2454	
	6	5	AC2465	
24 1/16" to 30"	5	3	AC3053	
	6	4	AC3064	
	7	5	AC3075	

Shoe and Clothing Dividers

Clear acrylic Shoe and Clothing Dividers enhance the look of the finest closets. Beautiful 1/4" thick polished acrylic with our satin smooth rounded edge treatment give a rich custom look. Guaranteed to match the finish of any color cabinetry, because these are polished clear acrylic. Great for clothing, handbags and many other uses. Order from our stock sizes or give us your requirements for custom sizes. Clear means you stock one product that matches all your melamine colors. Slotted to slip together in your cabinetry. 13 1/2" deep standard. See SU Item Codes on our Price List for stock sizes.

Liners: Velour and Anti-tarnish Flannel

High quality Velour and Anti-tarnish Flannel Liners with pressure sensitive adhesive (PSA). Specify Stock Size, Pre-cut or Installed (permanent liners installed on the floor of most Inserts). Also available in 25 yard rolls.

Velour available in Black, Dark Green and Burgundy. Anti-tarnish Lining available in Black. See our Anti-Tarnish Silver Case Inserts for details on how to make Anti-tarnish Lining most effective.

Shelf Dividers

Keep order on closet and pantry shelves. 1/4" thick polycarbonate and acrylic to resist breakage. Slide in place over 3/4" thick shelves. Standard 7 1/2" high, for 12" and 14" deep shelves. Custom sizes available.

Item Code	Depth
SHD12	12"
SHD14	14"

Display Cases

We fabricate all types of custom Display Cases. Fixed or adjustable shelving. Hinged and lockable doors available. 1/4" clear or mirrored back. Contact us with your requirements.

Uses include:

- Antiques and collectables
- Models
- Sports memorabilia
- Jewelry and watches

Soap Dispenser

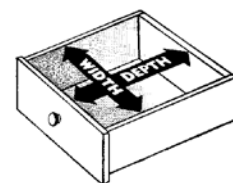

Kit includes tubing, check valve, caps and securing strap.

Your large economy soap container.

Ordering Instructions

Most of our products are built to your specifications and have many options available. When ordering, visit our web site at www.custominserts.com to easily enter your dimensions, as well as select options. See tips on how to measure, organizing tips, FAQ's and more. Order on-line, or print the product's Order Page and fax it to us. If you have any additional requirements, include these and our sales department will be glad to contact you. If you prefer to order from this catalog, use our Order Form.

1. Copy our Order Form.
2. Enter your quantity, (we have no minimums unless stated in the Item Description) and Item Code.
3. If applicable, enter your drawers **inside** width (Label DIW) and **inside** depth. (Front-to-back) (Label DID) Enter your **Insert's** height (Label IH). Our standard is 2 1/2" unless otherwise stated. We recommend heights of 2/3 your drawer's inside height. For optional heights, specify in 1/8" increments up to 3 1/2" at no extra charge. For inserts with floors, subtract from your measurements obstructions, such as handle screw heads and corner brackets. We subtract 1/8" from your inside dimensions for Inserts with floors, and 1/16" from your inside dimensions for Inserts that do not have floors. Drawers must be removable to install most Inserts.

Special Orders

The possibilities are literally endless. To place a Special Order, provide us with the following:

1. The intended use for your Special Order. (We may suggest other options or changes if we know this.)
2. Your sketch drawn clearly with all necessary dimensions. Label your drawer's inside width DIW, (Drawer Inside Width), inside depth DID (Drawer Inside Depth) and Insert height IH, (Insert Height). If you prefer to give us actual Insert dimensions, please label dimensions ACTUAL INSERT DIMENSIONS, and add the note "DO NOT DEDUCT". We subtract 1/8" from DIW and DID dimensions for Inserts with floors, and 1/16" if your Insert does not have a floor. Allow for screws or hardware in your drawer box that may interfere when inserting your Special Order.
3. Some drawers do not pull out fully. Consider your glide loss, or the part of your drawer you can't "see" when fully open. Your design should allow access to this covered area. Your drawer must be removable to install your Insert.
4. Material thickness: For most Inserts, remember to include 1/4" for the thickness of each divider. We typically use 1/8" acrylic for our floors.

Terms and Conditions

1. To ensure accuracy, we do not accept phone orders. Order on our web site, or complete our web site Order Pages, print, and fax or mail us your order. Do not fax twice or fax and send your order or it may be duplicated.
2. Custom Inserts will custom manufacture products based on your specifications. They cannot be returned for any reason except warranty repair. Changes or cancellations are not possible once production has begun.
3. Most of our products are designed and priced according to depths of standard kitchen cabinetry. Custom Inserts reserves the right to choose NOT to build any product for any reason.
4. All prices F. O. B. unless otherwise noted.
5. Payment must be at time of order placement unless prior approved credit. We accept Visa, MasterCard, American Express and Discover.
6. All product specifications and prices subject to change without notice.
